WORK EXPERIENCE

Transcard
Quality Assurance Engineer (Remote)

Chattanooga, TN
Jan 2026 - Aug 2026

- Used automation sources for running end-to-end and regression tests.
- Created test scripts in Javascript and Typescript for automation testing.
- Used database queries and API calls to test user stories and bugs.
- Documented bugs found throughout the testing process and notified corresponding team members.
- Communicated with various team members to ensure tasks are meeting their requirements.
- Assisted in testing pop-up issues to guarantee a smooth and successful rerelease.
- Created test cases based on client/project requirements and scenarios.
- Communicated with the team out of an agile work environment.

Transcard
Quality Assurance/Business Analyst Intern

Chattanooga, TN
May 2025 - Aug 2025
May 2024 - Aug 2024

- Updated legacy notebook to align with all current details and actions of business websites and connections.
- Tested business websites looking to find and report bugs.
- Created a Standard Operating Procedure providing detailed instructions of the company website for onboarding clients.
- Performed quality assurance testing on company products to prepare for their release.
- Developed test cases for a new product version based on corresponding user stories.

TTU Computer Science Office
Event Marketing/Outreach Assistant

Cookeville, TN
Aug 2024 - Dec 2025

- Worked under a Federal Work Study position to create descriptions of meetings for CS and engineering related clubs.
- Collaborated with peers to create and produce social media videos for faculty.
- Assisted at college outreach events to share more about the CS department to future potential students and families.

TTU Food Pantry
Pantry Worker

Cookeville, TN
Oct 2023 - May 2024

- Worked under a Federal Work Study position to help customers bag items and be sure that they were within the grocery limit.
- Used a google sheets document to check people into the pantry.

Discovery Outlet
Sales Associate - Manager/Keyholder

Cleveland, TN
July 2021 - Jan 2024

- Opened the store and handled the money in the register during open, close, and between shifts.
- Greeted customers and used communication to find certain products and rung up people at the register.
- Used observation skills while watching cameras.
- Managed other employees and communicated which tasks were to be done during the day.

EXTRACURRICULAR ACTIVITIES & LEADERSHIP EXPERIENCE

TTU Golden Eagle Marching Band

Aug 2022 - Dec 2025

- Participate in three classes per week to learn marching band show music and drill as well as pep tunes. Use problem solving skills and communication while on the field to make each picture look as intended.
- Perform a memorized show during home football games and use multitasking in order to simultaneously march and play.

Cleveland High School Robotics Electrical and Programming Sub-team lead

Aug 2020 - May 2022

- Assisted in building a robot with other teammates to compete in a competition as well as wiring all of the electronics to the robot and building the robot's code to run using Javascript.

PROFICIENT SKILLS
